ITEM 7.4: REVIEW – ORGANISATIONAL ACTION PLAN – SEPTEMBER, 2018

REPORTING SECTION: General Manager

AUTHOR:

Don Ramsland - General Manager

FILE NUMBER:

Summary:

To review the Organisational Action Plan.

Background:

In March, 2014 Council adopted a twelve point plan as part of the proposed organisational restructure of the County Council.

With the close of the 2016/17 financial year all of those measures had been implemented with the finalisation of the appointment of a new Senior Weeds Officer to replace Senior Weeds Officer John Unwin who retired on 13 July, 2017 and the repayment on 31 May, 2017 of the last \$10,000 instalments in respect of the advances made by our constituent Councils in 2014/15 to fund the restructure.

Current Position:

As part of the Integrated Planning and Reporting legislation Council should be looking at the outcomes achieved from its Business Activity Statement and supporting legislation. Of paramount importance is the need to be proactive in the local government reform process and, in particular preparing submissions in respect any proposed local government reforms.

It was also a requirement that all the elements of the IP&R supporting legislation be reviewed within twelve months of the September, 2016 quadrennial elections and ensure they address the requirements of the Bio-Security Act 2015.

During August, 2016 Council commenced putting a new digital information system in place to meet the requirements of the new Bio-Security Information System (BIS) and be able to provide data for the new state-wide data base. Training for staff has taken longer than expected and is still ongoing.

At its meeting on 27 June, 2016 Council adopted a 30 point Organisational Action Plan for 2016/17 and this was updated and progressively implemented during both 2016/17 and 2017/18. It is now planned to continue to update and implement that plan progressively throughout 2018/19 and to also review it at each meeting.

Council at its June, 2017 meeting resolved to meet only once a quarter - in March rather than February and April, June, August and November rather than October and December, thus being able to reduce the number of meetings being held each year from six down to four.

Council also resolved to write to the OLG seeking advice on reducing the number of delegates from ten down to five and the possibility of operating under a Section 355 (LGA) committee type structure. Whilst is will be possible to reduce delegate numbers with the concurrence of all constituent councils the OLG supports continuing with the current County Council structure.

This report to the September, 2018 meeting will be the first of these reviews for 2018/19 and progress in respect of the following elements has now been identified:

Meeting of Council Held at Lightning Ridge on Wednesday 19th September, 2018

Stakeholders:

Castlereagh Macquarie County Council Council Staff Constituent Councils Local residents and landholders

Governance Issues:

The aim of this report is to acquaint Councillors with the progress being made in respect of the many and varied tasks that need to be addressed over each twelve month period. As necessary, over the next twelve months, additional items may be added to the action plan.

Environmental Issues:

Not applicable

Financial Implications:

Maintaining both Council's financial viability and ongoing sustainability into the future are essential elements. The bleak financial future Council was facing five years ago has been turned around to one where a ten year financial plan indicates an increasing level of

Meeting of Council Held at Lightning Ridge on Wednesday 19th September, 2018

available funds and at the same time sees due provision being made for future liabilities such as ELE and Plant Replacement.

Legal Issues:

Council will need to be mindful of any changes in local government legislation that may have serious impacts into the future. This particularly relates to changes in the Bio-security Legislation that became effective from 1 July, 2017 and are still in the implementation phase in some areas as well as Joint Organisation developments.

Alternatives/Options:

Not to be aware of ongoing issues or plan for the future

Conclusion:

As discussed previously, it is to Council's credit that it has been prepared to take the tough decisions to address its recent financial dilemma and turn the financial situation around.

However, as well as routine operational requirements, there are other issues outside Council's control including the functioning Local Land Services, the implementation and review of the new bio-security legislation and more possible changes to the NSW Office of Local Government's approach to local government reform that have now come into play.

This report notes the success and progress made in relation to the revised Organisational Action Plan which has now been updated for the coming year.

Recommendation:

That Council receive and note the General Manager's report in respect of the progress being made in respect of the revised Organisational Action Plan and endorse the action taken so far.

ITEM 7.5 QUARTERLY BUDGET REVIEW STATEMENT – PERIOD ENDED 31 August, 2018

Summary:

An analysis of Council's actual income and expenditure to 31August, 2018 has now been completed and a revised budget result forecast for the year ending 30 June, 2019 has been prepared showing the anticipated result on present trends.

These results are summarised as follows:

	Budgeted Surplus/(Loss) \$	Revised Budget Surplus/(Loss) \$	Forecast Budget Surplus / (Loss)\$
Operating budget result	\$119,894	\$3,916	\$123,810
Capital Budget result	(\$75,788)	nil	(\$75,788)

Background:

Financial information made available to councillors should adequately disclose council's overall financial position and provide sufficient information to enable informed decision making and ensure that council remains on track to meet the objectives, targets and outcomes set out in its operational plan, adopted budget and delivery program.

Council's part-time General Manager is now operating remotely and the work load is being monitored to ensure appropriate accounting controls remain in place. A higher level of responsibility is being placed on the Senior Weeds Officer to undertake the necessary checks and balances in respect of staff control and day to day expenditure.

Walgett Shire continues to provide administrative support using casual staff whilst the nominated officer is absent on maternity leave – due to return in November, 2018.

The purchase or replacement of some office equipment will be the subject of a report to the November, 2018 meeting.

Current Position:

The attached Quarterly Budget Review Statement (QBRS) has been prepared as a second document which breaks down the actual budget line item income and expenditure for the year, details any variations from the original budget in respect of those various line items is also attached. It is proposed to go over these variations in detail at the meeting.

However in summary, and in view of the fact that this is the first quarterly report in respect of 20 18/19, variations are only minor.

These variations reveal a net operating budget surplus for the period of \$3,916 after provision has been made for depreciation of \$45,000.

This result is in line with the expectations voiced at the time of adopting the 2018/19 budget and operational plan at the June, 2018 meeting.

This QBRS sets out the recommended changes to the revised budget of \$3,916 net. These are listed on the budget worksheet and relate to changes in private works income of \$30,430 and expenditure of \$34,346 in respect of works completed late in the 2017/18 year or works now carried forward to 2018/19.

A separate page with reference to our updated key performance ratios and required declarations in respect of contractual arrangements, consultancies and legal expenses is also included. Our exact key

performance details will be set out with our financial statements for 2017/18 which are currently with our Auditors.

However, after allowing for capital income/expenditure Council will operate at an estimated overall surplus in 2018/19 of \$48,022 after allowing for depreciation.

Council's surplus achieved in 2017/18 will be the subject of a further report to Council's next meeting in November, 2018 when a clearer position the season is having on property inspection and road side spraying activities will be available. By that time too, the appointment of an additional weeds officer to cover the Warrumbungle Shire area will have been completed.

It is anticipated that Council will continue to attract a reasonable level of private works which, if appropriate will be undertaken using casual/contract resources.

Relevant Reference Documents/Policies:

The Local Government (General) Regulation 2005 Local Government Act 1993, as amended DLG Circular 10/32 – Quarterly Budget Review Statement

Governance Issues:

Council continues to monitor developments with regards the establishment of Joint Organisations as outcomes in this area could impact on the degree of certainty in which to plan for the immediate and short-term future.

Stakeholders:

Castlereagh Macquarie County Council Constituent Councils – Shires of Warrumbungle, Coonamble, Gilgandra, Walgett and Warren.

Financial Implications:

It is proposed to discuss the matter what level of grant funds which may become available in 2018/19 in the confidential section of the meeting as further cuts could impact unfavourably on Council's bottom line.

Legal Issues:

In the event of the County Council being wound-up, constituent councils would share in any surplus funds realised or be required to make good and shortfall.

Alternative Solutions/Options:

As previously advised, Council's financial position, both in immediate future and going forward needs to be monitored closely.

Conclusion:

Council's ongoing actions are aimed at rectifying the financial downturn that was compounded by significant operating losses over the last decade. To date, the measures seem to be working quite satisfactorily but the situation needs to be regularly monitored to identify if and when any further action is required to maintain our viability, sustainability and affordability.

ITEM 7.7 CMCC WORK HEALTH & SAFETY (WH&S) FOR 2018/19

REPORTING SECTION:	Castlereagh Macquarie County Council
AUTHOR:	Don Ramsland - General Manager
FILE NUMBER:	09/47-03

Summary:

To endorse the action taken to participate in the Annual StateCover self-audit programme

Background:

StateCover provides an annual WHS self-audit to assist clients in assessing the structure and implementation of their WHS management system. The analysis of these results is presented in a report that includes:

- The areas of strength and weakness of your WHS management system and hazard management practices
- A comparison of your WHS performance against other Councils
- · A comparison of your results against previous years
- · Suggestions on ways to improve WHS areas that are scored below average
- · A customised action plan template highlighting key areas for improvement

These results enable Council to proactively address issues that can cause injuries, increase Council's operational costs and potentially expose individuals and Council to prosecution under WHS legislation.

Current Position:

Reducing the number of injuries in a Council can significantly decrease the Council's workers compensation premiums. It also provides indirect cost saving by eliminating the need for claims management and return to work activities, whilst increasing productivity and improving employee morale.

In addition, Councils that successfully complete the self-audit and subsequent audit verification are eligible for a StateCover rebate equal to 0.3% of payroll costs, up to a maximum of \$60,000.

Governance Issues:

The self-audit process provides an opportunity to also review various operational policies and procedures

Environmental Issues:

Consideration of environmental issues that affect employees can be reviewed as part of the process.

Financial Implications:

The financial rewards from improved WHS performance could run into many thousands of dollars by way of rebate

Legal Issues:

Councils are constantly exposed to legal action and fines through WHS breaches and this programme actively works to minimise such exposure through an education process.

Alternatives/Options:

Do nothing

Conclusion:

This report is prepared primarily for Council's information and comment

Work Health & Safety (WH&S) for 2018/2019

Recommendation:

That the General Manager's report in respect of the StateCover self-audit process be received and noted.

7.8 MATTERS FOR BRIEF MENTION OR GENERALLY FOR INFORMATION ONLY – SEPTEMBER, 2018

REPORTING SECTION:	General Manager
AUTHOR:	Don Ramsland – General Manager
FILE NUMBER:	000/00/00/00

Summary:

The following matters are listed for brief mention or information only.

1. 2017/18 Financial Statements - Audit Timetable

Council's Auditor's will be commencing their audit of Council's 2017/18 Statements of Account during the week commencing 11 September, 2018 and it is envisaged that the audited accounts will be presented to Council's November, 2018 meeting.

2. Hudson pear Taskforce

As Council would be aware, the next Hudson pear Taskforce meeting has now been set down for Wednesday 19 September, 2018 at Lightning Ridge following Council's September meeting. At the conclusion of the Taskforce meeting an inspection is being arranged to acquaint Councillors with the extent of the Hudson pear problem and to see the impacts of recently introduced bio-control agents.

3. NSW Local Land Services - Additional \$10,000 2017/18 WAP Funding

The preparation of a local Biosecurity "Information for Residents" pamphlet has been carried over into 2018/19 and a draft is currently being laid out.

It is proposed that the pamphlet would target specific priority weeds in each constituent council area and also provide advice with regards the treatment of other weeds prevalent in our area.

4. Chairpersonship of Hudson pear Taskforce

The North West LLS have advised that they don't have sufficient funding available in their current budget to continue funding the position of an independent Chairperson for the Hudson pear Taskforce. An alternative is for Council to fund this position from its 2018/19 WAP funding allocation.

The matter was discussed with the Chair and Deputy Chair of the CMCC and it was agreed to put this approach forward to the North West LLS because of the advantages of having a level of independence in oversighting the activities of the various representatives who compose the Taskforce.

Depending on the number of meeting held, the costs involved would be in the order of \$2,500/\$3,000 p.a.

Meeting of Council Held at Lightning Ridge on Wednesday 19th September, 2018

5. CMCC Meeting Dates and Venues - 2018/19.

It is proposed that meeting dates and venues for the Castlereagh Macquarie County Council for 2018/19 be as follows:

Date:

Wednesday, 19 September, 2018 Monday, 19 November, 2018 Monday, 18 March, 2019 Monday, 17 June, 2019 Monday, 19 August, 2019 Monday, 18 November, 2019 Venue: Walgett (Lightning Ridge Bowling Club) Coonamble Gilgandra Warren Coonabarabran Coonamble

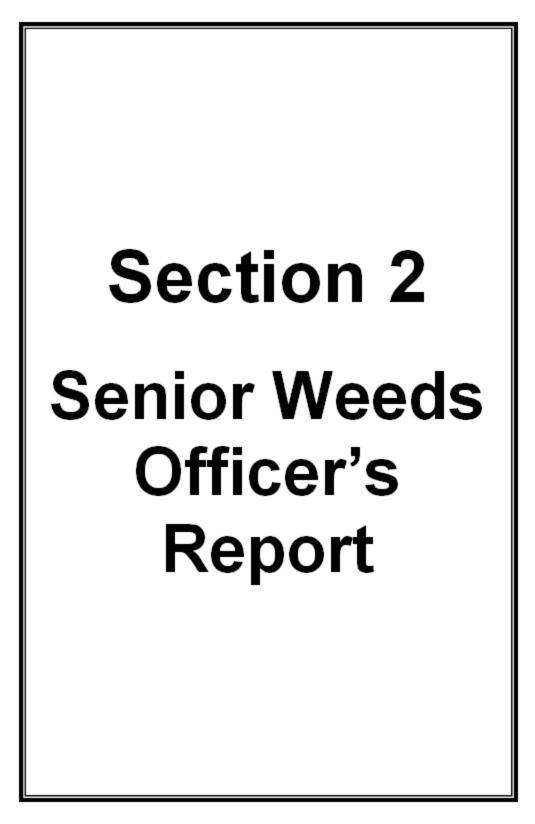

Matters for Brief Mention or Information Only - September 2018

Recommendation:

That the above issues for brief mention or information only as detailed in the General Manager's report to the September, 2018 meeting be received and noted.

ITEM 8.1:

CMCC Senior Weeds report September 2018

MVWAC recently purchased a drone for use by members. Andrew Cole and Chris Jackson held a training session in Narromine, twenty six members attended including CMCC Weed Officers. The drone weighs less than two kilograms allowing each member to fly without a license, there are however standard operating conditions including notifying CASA 5 business days before flying.

While attending the MVWAC meeting in Narromine August 7, the Tom Knowles Memorial award was presented to Castlereagh Macquarie County Council. This is the second time we have held the award; John Unwin also awarded this achievement in 2014.

Castlereagh Macquarie County Council has secured a site in Lighting Ridge for mass rearing the Hudson Pear Cochineal. Thankyou to Mat Savage a rearing house has been built and is now operational with infected cladodes breeding. DPI funded the materials and labour. It is crucial we build the breeding population, to get out in the field.

Parkinsonia – We now have infestations of Parkinsonia data based and treated on the Namoi and Narran Rivers. No infestations have been found on the Barwon, however there is one more area to inspect along the Barwon River, south of the township of Mungindi. Monitoring these areas will be required for many years to come as the seed pods can lay dormant in the ground for up to 18 years.

There are no new weed incursions to report, however we are all on alert and prepared to find many after good rain.

Upcoming training – October 23rd and 24th staff will attend compulsory Compliance Training. This training is part of the Government Investigations course and equips authorised weed officers in the field with legal requirements. The introduction of the Bio security act has brought many changes to how the once known OLD WEEDOS performed their duties. Officers have adapted well, I appreciate their efforts.

Hoping you will all available to attend a field site excursion at approximately 3pm after the Hudson Pear Taskforce meeting.

Best regards, Andy

The Secretary, Macquarie Valley Weeds Advisory Committee, P.O. Box 35, Orange. NSW.

Tom Knowles Award Nomination.

I would like to nominate Andrea Fletcher for the Tom Knowles Award. Andrea is the Senior Weeds Officer for the Castlereagh Macquarie County Council and although Andrea has only been in the job for approximately two years, she has in my opinion, met the challenges with an enthusiasm to get the job done as quickly and efficiently as she can.

Andy, as she likes to be known, has the added burden of dealing with two (2) Local Land Service regions, the Central West and Western. This in itself must be very time consuming, as each region would pose its own set of challenges, competing priorities and protocols to deal with.

In addition to this Andy deals with five (5) different Local Government areas within the Castlereagh Macquarie County Council which again would offer greater challenges, particularly dealing with each individuals priorities. These being the Walgett, Coonamble, Warren, Gilgandra and Warrumbungles Shire Councils, which would add to the difficulties associated with having control of over 60,000km2, or just short of 8% of N.S.W.

The time taken to deal with all the procedures that we all face would in itself be a workload, without the time taken to organise her own staff, and her own field time.

Andy is also dealing with Parkinsonia infestations that stretch for many kilometres, on both the Narran and Namoi Rivers, as well as a large infestation of Madeira vine at Coonabarabran.

As well she is actively engaged, with trying to stop the spread of Hudson's Pear which covers large areas around Lightning Ridge and Cumborah.

All through this , Andy always presents a pleasant and upbeat attitude about the outcome of these problems.

In closing Andy has an area of 60,238 square kilometres to oversee and does so to the best of her ability and with little fuss, but a lot of dedication.

I wish her well with this nomination and in the future.

Peter Hutchinson Biosecurity Officer (Weeds) Brewarrina Shire Council.
