## 5. REPORT OF THE GENERAL MANAGER

## ITEM 5.1 DETERMINATION OF METHOD OF VOTING FOR ELECTION OF DEPUTY CHAIRPERSON BY COUNCILLORS

<b>REPORTING SECTION:</b>	General Manager	
AUTHOR:	Michael Urquhart	

#### Summary:

This report is prepared to allow Council to determine the Method of Voting for the Election of the Deputy Chairperson by Members.

#### Discussion (including issues and background):

Schedule 8 of the Local Government (General) Regulation 2005 sets out the process to be followed for the election of a Chairperson and Deputy Chairperson by Members, including the methods of voting that may be determined by a resolution of Council. The methods of voting for the election of the Chairperson and Deputy Chairperson, that Council may adopt are summarised below:

- Preferential Ballot as per its normal interpretation the ballot papers are to contain names of all candidates. The Members of the County Council are to mark their votes 1, 2, 3 and so on against the various names, so as to indicate their order of preference for all of the candidates.
- Ordinary ballot this is the usual method adopted in New South Wales. Ballots are secret with only one (1) candidate's name written on a ballot paper.
- Open Voting this is by show of hands or similar means

Where there are two (2) candidates, the person with the higher number of votes is elected. If the ballots for the two (2) candidates are tied, the one to be elected is to be chosen by lots, with the first name out being declared elected.

Where there are three (3) or more candidates, the person with the lowest number of votes is eliminated and the process is then repeated until there are only two (2) candidates. The determination of the election would then proceed as if the two (2) were the only candidates. In the case of three (3) or more candidates where a tie occurs the one (1 to be excluded will be chosen by lot.

 Choosing by Lot – to choose a candidate by lot, the names of the candidates who have equal numbers of votes are written on similar slips of paper by the Returning Officer, the slips are folded by the Returning Officer so as to prevent the names being seen, the slips are mixed and one is drawn at random by the Returning Officer and the candidate whose name is on the drawn slip is chosen, on the basis detailed above.

\* NOTE: Ballot has its normal meaning of secret ballot.

REPORTING SECTION:	General Manager
AUTHOR:	Michael Urquhart

#### Summary:

Where elections are held, following the conduct of those annual elections, it is appropriate to pass a motion authorising the destruction of ballot papers.

#### Discussion (including issues and background):

Over the years it has become accepted practice that any ballot papers used in the annual elections be destroyed and a resolution of Council is required to formalise this process.

When travelling by car every attempt must be made to car pool with other Councillors or Council staff.

#### 2.6.2 Travel

A Councillor that travels using their private car will be reimbursed at the appropriate kilometer rate in accordance with the *Local Government (State) Award 2014* or airfare rate, whichever is the lower. #### 2.6.3 Overseas travel

International travel relating to Council business must be avoided unless it can be demonstrated that direct and tangible benefits can be established for both the Council and local community. The travel must be documented in a Report to Council and considered and approved by a full meeting of the Council prior to the travel being undertaken.

The Report must identify the Councillors nominated to undertake the travel and detail the purpose of the travel and expected benefits derived from the travel. The duration, itinerary and approximate total cost of the visit must also be provided.

#### 2.7 Care and other related expenses

- 3. Other essential Council related business (for example, conference, seminars, briefing sessions/workshops called by Council, the Chairperson or the General Manager).

This includes reimbursement for up to one hour before and after an event.

'Care and other related expenses' means childcare expenses and the care of elderly, disabled and/or sick immediate family members of Councillors. Childcare expenses will only be reimbursed in relation to children of the Councillor that are up to and including the age of 16 years.

The cost of care arrangements will be reimbursed up to \$1,000 per financial year per Councillor, subject to lodgment of a completed Claim Form supported by valid GST receipts and details of the Council related activity that was attended. Expenses are not reimbursable if care is provided by an immediate family member, spouse or partner or someone who ordinarily resides with the Councillor.

Council will make provision for the payment of other related expenses associated with the special requirements of Councillors such as disability and access needs, to allow them to perform their normal civic duties and responsibilities. For any Councillor with a disability, the Council may resolve to provide reasonable additional facilities and expenses which may be necessary for the performance of their duties.

#### 2.8 Use of Council resources

Councillors must not, as a result of Council funded and approved expenditure, obtain more than incidental private benefit from the provision of equipment and facilities. This includes

travel bonuses such as 'frequent flyer' schemes or any other such loyalty programs. It is acknowledged that incidental use of Council equipment and facilities may occur from time to time. Such incidental use is not subject to a compensatory payment to Council. Where more substantial private use does occur, reimbursement to Council of the value of that private use is required. The value of 'private use' in this context is the proportional private use/business use percentage.

Any resources provided under this Policy must not be used for personal interests. This includes but is not limited to the following: a Councillors re-election; any political party event or activity.

#### 2.9 Giving of gifts and benefits

Where it is appropriate for a Councillor to give a gift or benefit (for example, on a Council business related trip or when receiving visitors), these gifts and benefits should be of a token value only (refer to Council's Code of Conduct).

### September 2021 mayoral elections

### What's new or changing

- Mayoral elections must be held in September 2021 for mayors elected in September 2019 when their two year-terms expire (see sections 230(1) and 290(1)(b) of the Local Government Act 1993).
- Mayors elected in September 2020 will continue to hold office until council elections are held on 4 December 2021.

- In areas subject to stay at home restrictions under the Public Health Orders a
  person may leave their home for the purpose of undertaking any legal
  obligations and a person engaged in local government elections is an
  "authorised worker" for the purpose of the Public Health Orders.
- Councils must comply with the Public Health Orders when holding a Mayoral election and should observe appropriate social distancing and take any other steps necessary to minimise the risk of infection by the COVID-19 virus and to ensure the health and safety of all attendees.

New risk management and internal audit framework for councils and joint organisations

### What's new or changing

- Sections 428A and 428B of the Local Government Act 1993 (the Act) have been commenced. Under section 428A, all councils (including county councils) and joint organisations are required to have an audit risk and improvement committee (ARIC). Councils and joint organisations are permitted under section 428B to enter into arrangements with other councils or joint organisations to share ARICs.
- Under the transitional provisions of the Act, all councils (including county councils) and joint organisations must have either appointed an ARIC or entered into an arrangement with another council or joint organisation to share an ARIC before 4 June 2022.
- The Office of Local Government (OLG) will be issuing Guidelines for Risk Management and Internal Audit for Local Councils in NSW to guide the operations of ARICs and to require councils to have a risk management framework and internal audit function to support and inform their operations.
- OLG has issued a draft of the Guidelines for a three-month consultation period. These have been developed based on the feedback received in response to OLG's New Risk Management and Internal Audit Framework for Local Councils in NSW discussion paper issued in September 2019.
- Councils, ARIC members and internal audit practitioners are encouraged to provide comment on the draft Guidelines.

### What this will mean for your council

- As of 4 June 2022, all councils (including county councils) and joint organisations must have an ARIC. As noted above, councils and joint organisations may enter into arrangements to share ARICs.
- Most councils already have an ARIC and will not need to take any further action to comply with section 428A.
- Councils or joint organisations that do not currently have an ARIC should take immediate steps to ensure they have one before 4 June 2022. This may include talking to a neighbouring council or their joint organisation about entering into an arrangement to share an ARIC.

- Under the proposed Guidelines, councils and joint organisations are not required to establish a risk management framework and internal audit function that complies with the Guidelines until 30 June 2024. However, councils and joint organisations should start taking steps to establish a risk management framework and internal audit function or to transition their existing risk management and internal audit arrangements to comply with the Guidelines.
- The proposed Guidelines set out membership requirements for ARICs. Councils and joint organisations are not required to comply with these requirements until June 2027. This will allow councils and joint organisations five years to transition the membership of their existing ARICs to comply with the new requirements.
- The proposed Guidelines are available on OLG's website at <u>here</u>. Information about the changes to the original model proposed in the discussion paper is also available on OLG's website.
- OLG is seeking the views of councils and others on the proposed Guidelines. Councils should inform their ARICs about the draft Guidelines to give ARIC members the opportunity to provide comment or to have input into the council's comment on the draft Guidelines.
- Submissions may be made to <u>olg@olg.nsw.gov.au</u>, labelled 'Draft risk management and internal audit guidelines' and marked to the attention of OLG's Council Governance Team.
- Submissions should be made before COB 26 November 2021.

### Key points

- Under section 428A of the Act, councils and joint organisations must appoint an ARIC to keep under review the following aspects of their operations:
  - compliance,
  - o risk management,
  - fraud control,
  - o financial management,
  - governance,
  - implementation of the community strategic plan, delivery program and strategies,
  - service reviews,
  - o collection of performance measurement data by the council,
  - any other matters prescribed by the regulations.
- ARICs must also provide information to councils and joint organisations for the purpose of improving their performance.

### Where to go for further information

- The draft Guidelines and a summary of the changes to the previously proposed model are available on OLG's website at <u>www.olg.nsw.gov.au</u>.

- The Office of Local Government (OLG) has revised the Integrated Planning and Reporting Guidelines.

### What this will mean for your council

- Amendments to Sections 402, 403, 404, 405 and 406 streamline integrated planning and reporting requirements.
- Section 402A requires councils to establish and implement a strategy (called its community engagement strategy) for engagement with the local community when developing its plans, policies and programs and for the purpose of determining its activities (other than routine administrative matters).
- The council must prepare and implement a community engagement strategy based on social justice principles for engagement with the local community in developing and reviewing the Community Strategic Plan following the ordinary local government election.
- A council is not required to establish and implement a community engagement strategy in accordance with section 402A, as inserted by the amending Act, until 12 months after the next ordinary election of councillors following that amendment.
- State of environment reporting is no longer required from the commencement of the new cycle of integrated planning and reporting following the ordinary local government election.
- The new Section 428A requires councils to appoint an Audit, Risk and Improvement Committee which is to keep under review aspects of the council's operations including implementation of the strategic plan, delivery program and strategies, service reviews and the collection of performance measurement data by the council.

## Key points

Release of the Guideline on the Use and Management of Credit Cards

### What's new or changing

 The Office of Local Government (OLG) has developed the Guideline on the Use and Management of Credit Cards (the Guideline) under section 23A of the Local Government Act 1993.

### What this will mean for your council

- Councils must take this Guideline into consideration when developing or reviewing their credit card policy. This will ensure greater consistency across the sector in terms of how credit cards are managed, and inherent risks are minimised.
- The Guideline is divided into two parts:
  - Part A provides a list of core responsibilities that councils should consider as foundational elements of their credit card policy and related procedures; and
  - Part B provides operational guidance that expands on these core responsibilities with practical advice on best practice credit card management and the responsibilities of individual cardholders, including risk management, preventative controls and detective controls.
- The Guideline is based on the NSW Treasury's credit card policy and guidelines for NSW state agencies (<u>TPP21-02 Use and management of NSW</u> <u>Government Purchasing Cards</u> (PDF)) to the extent its principles are relevant to local government.
- The Guideline was developed in response to a performance audit of credit card usage at six local councils by the NSW Audit Office, which released its <u>Final</u> <u>Report</u> on 3 September 2020.

### Key points

- The use and management of credit cards by councils is an important element of council operations and internal controls that must be included in each council's risk management framework.
- Councils that do not have a credit card policy should note that the <u>audit risk</u> and <u>improvement committees</u> (ARIC's) that are to be required from 4 June 2022 will review certain aspects of a council's operations, including risk management and fraud control.

- The Guideline provides an overarching framework and suggested considerations and approaches to guide the development and/or review of credit card policies and related procedures.
- It also allows for sufficient flexibility to allow councils to shape a policy tailored to their size, complexity and risk profile.

### Where to go for further information

- The Guideline is available on OLG's website at: <u>https://www.olg.nsw.gov.au/councils/council-finances/credit-cards/</u>.

### Government endorses new rate peg methodology to support growing councils

### What's new or changing

- The Independent Pricing and Regulatory Tribunal (IPART) has completed its review of the local government rate peg methodology to include population growth.
- On 10 September 2021 IPART provided the Final Report on this review to the Minister for Local Government, the Hon. Shelley Hancock MP.
- The Minister has endorsed the new rate peg methodology and has asked IPART to give effect to it in setting the rate peg from the 2022-23 financial year.

### What this will mean for your council

- Councils with growing residential populations will be able to raise notional general income by an additional population factor as part of the rate peg from 2022-23.
- The population factor for each council will reflect estimated residential population growth less revenue received from supplementary valuations that year.
- This will increase revenue for many councils serving growing communities. No council will be worse off under the new methodology.
- IPART has estimated that, for example, over the past four years, the new rate peg methodology would have increased total general income for the local government sector by 1.5%, or \$287 million.

### Key points

- IPART sets the rate peg each year under the terms of a delegation from the Minister for Local Government.
- The NSW Government has committed to allowing councils to align their income with population growth to better support growing communities across the State.
- In December 2020 IPART was asked to review the rate peg methodology to deliver this commitment and to report to the Minister by September 2021.
- As part of this review, IPART released an Issues Paper on 25 March 2021, a Draft Report on 29 June 2021 and held an online Public Hearing on 20 July 2021.
- On 10 September 2021 IPART provided the Final Report on its review to the Minister.
- IPART proposes that a different rate peg apply to each council to permit that council to increase its notional general income by a population factor.

- IPART has advised that this option will maintain total general income on a per capita basis over time, applies to all councils and recognises that councils have different service levels and costs.
- This new population factor will be different for each council, adding any increase to its residential population, as published by the Australian Bureau of Statistics, and then deducting revenue that council has received from supplementary valuations.
- The NSW Valuer General can issue supplementary valuations of properties outside the 3 to 4-year general cycle if changes are recorded on the Register of Land Values. If this results in increased land values, councils receive increases to their general income outside the rate peg.
- To prepare for this reform, an amendment to the Local Government Act 1993 was
  made earlier this year to ensure that multiple rate pegs may be set.
- Since IPART issued its Draft Report in June 2021, minor changes have been
  made to the proposed rate peg methodology to include population growth. The
  time period for adjusting the value of supplementary valuations has been shifted
  to make it easier to implement.
- IPART will also correct the population factor for all councils to reflect the difference between estimated and actual population growth when data from the recent census is released, and, going forwards, correct the population factor after each census if the difference in estimated compared to actual population growth for a council is greater than 5%.

# **BIOSECURITY UNDERTAKINGS**

### **Overview**

- A Biosecurity Undertaking is given by a person and accepted by the Authorised Officer under the Biosecurity Act 2015 (the Act).
- The consequences for not complying with an Undertaking is the same level offence (category 2) as not complying with a Biosecurity Direction.
- For an Undertaking to be enforceable, the Authorised Officer must know of a contravention, or suspected contravention to the Act. If this cannot be adequately proven but the possible risk is known, an Individual Biosecurity Direction is more appropriate.

Part 10, section 142 (1) of the NSW Biosecurity Act 2015

## What is a Biosecurity Undertaking?

A Biosecurity Undertaking is a negotiated set of outcomes made by a Person in writing with an Authorised Officer and is generally used when the Person is likely to rectify the issue/discharge their duty without the need for a Biosecurity Direction, but only in connection to a contravention of a requirement of the Act.

An Authorised Officer may accept a Biosecurity Undertaking from a Person who have advised they will take appropriate action to discharge their duties.

An Authorised Officer may only accept an undertaking:

- · If the Person has contravened a requirement of the Act, or
- If the Authorised Officer suspects the Person has contravened or is likely to contravene a requirement of the Act

If the above cannot be proven, an undertaking is not legally enforceable.

### What must a Biosecurity Undertaking include?

#### A Biosecurity Undertaking must:

- Detail the contravention or suspected contravention of the requirement imposed under the Act
- List the measures or actions required by the Person and the date the actions are to be completed by

Be signed by both the Authorised Officer and the Person

Provide a reasonable timeframe for

compliance

Be accepted by the Authorised Officer to ensure it is legally enforceable

### **Common Offence Particulars**

All Biosecurity Undertakings must detail the following:

- Time
- Date
- Place
- Person/Company
- Biosecurity matter, or
- Biosecurity carrier, or
- Biosecurity dealing

Biosecurity Undertakings must also consider the biosecurity impact and/or the biosecurity risk.

## Can a Biosecurity Undertaking be varied or withdrawn?

Yes, <u>section 149 of the Act</u> provides for the withdrawal or variation of an undertaking. Written notice must be provided to the Person informing them of the variation/withdrawal. It is preferred that if a variation is required, that a new undertaking is provided to the Person to avoid any possible confusion.

- A Person can withdraw from the undertaking but only with written agreement from the Authorised
  Officer
- The Authorised Officer can withdraw from the undertaking but only after written notice is provided to the Person who gave the undertaking

## How can a Biosecurity Undertaking be served/ issued?
